

MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

THE LEDGER'S WEATHER SIGNALS.

White streamer—FAIR;
Blue—RAIN or SNOW;
With Black ABOVE—TWO WARMER
STOW.
If Black's BENEATH—COLDER 'TILL
BE;
Unless Black's shown—no change
we'll see.

The above forecasts are made for a period of thirty-six hours, ending at 8 o'clock to-morrow evening.

TWO CAPTAINS.

"Coxey," quoth Grover,
"It's time for you to go;
Too long, too long you tarry—
The White House clock is slow."

"Grover," quoth Coxey,
"Right well that same I know;
I came to run the old clock up,
It's too all-fired slow!"
—Atlanta Constitution.

Notice to Republicans.

The Republicans of the various Precincts of Mason county are requested to meet at the Council Chamber in Maysville on Saturday, May 26th, at 1 o'clock p. m., for the purpose of consultation in regard to the manner of choosing delegates to the coming Congressional Convention at Augusta, and such other matters as may be presented. D. P. Orr, Chairman.

Sam T. Hickman, Secretary.

The Ripley Schools close next week.

Misses and Children's Kid, Tan, Oxfords and Strap Sandals. Pecor's.

B. J. Welsh has been appointed City Auditor of Lexington by the Mayor.

Germantown is infested with a gang of burglars, probably some of the crowd going to join Coxey's Army.

Chronic constipation is a troublesome and dangerous disorder. The surest and safest remedy is Ayer's Cathartic Pills.

Mrs. Samuel Nowers, wife of the genial Constable of Dover, was struck by lightning Tuesday night and severely injured, but it is thought will recover.

John Faber of Newport trimmed a corn some time ago, and yesterday the doctors trimmed his foot off the end of his leg, blood poisoning having set in. Better leave the corns on the cob.

James Wilshire, Administrator of Pearl Wilshire, secured judgment in the Circuit Court of Covington against the Cincinnati Street Railway for \$5,000. Judge H. P. Whitaker was attorney for plaintiff.

Farmers in the country surrounding Frankfort report great damage being done by cutworms. These worms have been playing havoc with underground plants, and much fear is entertained for corn, which has been recently planted.

On account of John Robinson's Circus at Vanceburg and Augusta the C. and O. will sell on May 30th round trip tickets to Vanceburg, including admission to the circus, at \$1.40; and on May 31st will sell round trip tickets to Augusta, including admission to the circus, at \$1.

IT'S SO IF
IT'S IN
THE
LEDGER.

Misses and Children's Kid, Tan, Oxfords and Strap Sandals. Pecor's.

The blackberry crop in Greenup county is going to be immense, an unerring sign of the "revival of business."

Samuel Crawford, who drives the horse and rides in the beer wagon of Anthony Weiland, had some repairing to do in the beer cooler yesterday, when the door closed and Sam was a hot prisoner in a cool place. After trying several hours to get out, he finally gave it up as a cold deal, and had it not been for some one opening the door poor Sam would have been a cold corpse this morning.

Ripley has 133 soldiers buried in its cemetery, and will decorate their graves with appropriate ceremonies Memorial Day.

The Ripley National Bank declared a semi-annual dividend of 6 per cent. last week. Well, that's pretty good for a short town like that.

In the United States Court at Covington ten moonshiners were acquitted, ten fined \$100 apiece, a month in jail, and sixty yet to try. Well, there'll be two new "shine" distilleries started for every one that is broken up.

Dr. John A. Reed has bought the handsome Finch property, Third and Sutton streets, at a figure said to approximate \$12,000. It cost Mr. Finch about \$16,000, and is one of the most elegant homes in the city.

The Ripley Browns failed to materialize yesterday, and consequently there was no game of ball. When it is considered that the Maysville team sent two telegrams, requesting answer to the last one at their own expense, and that the Browns did not answer either, the conduct of the Ripleyites partakes of fragrant "brown" color.

The Weekly Public Ledger!

THE MAYSVILLE REPUBLICAN, which is the Weekly Edition of *The Public Ledger*, is issued every Saturday. It contains 40 columns of choice reading matter, twenty of which are made up of editorial, local and neighborhood news. It is a splendid paper to send to Kentuckians living in distant places, as it gives all the news from home. Price \$1.50 a year. Now is the time to subscribe.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Mrs. L. V. Davis is in Cincinnati today.

John Butler of Covington was in the city yesterday.

H. Lud Hamilton was a visitor at Cincinnati yesterday.

A. M. J. Cochran is in attendance on the Circuit Court in Catlettsburg.

Everett Brightman, the poultry man of this city, was in Cincinnati yesterday.

Miss Ida Fleming of Aberdeen is visiting her sister, Mrs. J. A. Fisher at Carlisle.

Hon. James T. Willis of Williamstown was a pleasant caller of THE LEDGER this morning.

Misses Lizzie and Nannie Peed and Miss Bertie Robinson have been visiting in Bourbon county.

Misses Hortense Davis and Mary Evans of Helena Station are visiting Miss Maud Downing near Maysville.

Dr. J. H. Samuel returned last night from the meeting of the State Homoeopathic Convention at Lexington.

Miss Lida L. Schatzmann, who has been visiting relatives at Ripley, Russellville, Winchester and other points in Ohio has returned home.

Miss Maud Henderson, after spending a few days with Miss Fannie Paul, has returned to her home in Augusta, accompanied by Miss Bertha Craig.

Mr. and Mrs. Berry Bedford of Bourbon county, who have been spending a few days with Mr. and Mrs. Frank Armstrong of Forest avenue, have returned home.

Albert N. Huff and Charles Collins, who went to Cincinnati to dedicate the big temple, accomplished their work and returned home yesterday afternoon.

Rev. W. T. Spears, Pastor of the Washington Presbyterian Church, leaves today for Nashville, Tenn., to attend the General Assembly of the Southern Presbyterian Church.

The building trade is extremely dull at Lexington.

There was a large crowd in attendance on the prayer-meeting at the Central Presbyterian Church last night, the main room being used for that purpose. At the conclusion of the prayer service there was held an election by the church for three deacons and one elder, which resulted in the following being chosen:

Deacons—J. M. Scott, Lafayette McGowan, John B. Orr, Jr.

Elder—Professor J. H. Rowland.

WEATHER AND CROPS.

Conditions Throughout Kentucky Much More Favorable.

The weather conditions of the past week did not vary materially from those of the preceding one. The temperature was generally above the normal, and despite the daily thunder showers, the amount of sunshine was very near the average. As was the case last week, the rainfall was very unevenly distributed. It came mainly in the form of local showers, which were most frequent in the Western half of the state, though all sections except a few isolated districts received an amount equal to or slightly in excess of the average. In some instances these storms were accompanied by violent winds and hail from which damage resulted, especially in Hancock and Monroe counties, the correspondents in which report that crops in many fields were seriously injured. Taking the state as a whole, however, the conditions may be regarded as highly favorable, and all species of vegetation have advanced very rapidly during the week.

By far the larger part of the corn crop is in the ground, only a few fields in the lowlands remaining unplanted. There is a general complaint of damage to young corn from cutworms. Last week their presence was confined mainly to the Southern counties, but since then they appear to have spread throughout the entire state. In many sections the damage to corn has been so great as to necessitate replanting. But for this trouble, the outlook for the crop is most favorable. Some fields have progressed so far as to permit of their being worked over.

Wheat looks exceptionally fine and the outlook for a good crop is excellent. The only complaint is that the growth is somewhat too rank. In the Southern and Western sections it is heading very nicely.

The fine appearance of grasses of all kinds indicates an unusually large hay crop. Clover is not doing well and will not probably recover from the effects of unfavorable weather conditions earlier in the season. The outlook for oats is not promising, except for that portion planted very late.

The reports regarding tobacco are somewhat conflicting, but it is believed that the average condition of the plants is good. There is considerable complaint that they are undersized and that in consequence the transplanting season will be delayed; also of injury to insects. Some setting has been done during the week. The ground is in good condition for the work, owing to the recent rains.

Garden truck is growing finely, with the exception of potatoes, which are somewhat backward.

Strawberries are in full bloom and are ripening in the Southern sections. The indications are for a fair crop. Other small fruits look better than was anticipated some time since.

There are no union carpenters at work in Covington.

Richard Watkins, for being drunk, got \$1 and costs.

The School Board of Ripley has abolished the Colored Schools, on account of the children attending the white schools. The move will save the town \$1,000 a year.

John Thomas, five-months-old son of Mr. and Mrs. Thomas Tuggle, died Wednesday afternoon of whooping-cough. Funeral from the Lewisburg Baptist Church at 3 o'clock this afternoon.

THE CINCINNATI ZOO

The Most Famous Place of Interest in Cincinnati.

LARGEST ZOO IN THE WORLD.

An Institution of Which Every Person in the Ohio Valley Should be Proud—The Many Special Features Planned For the Coming Summer—The Summer Night Fetes and Concerts—The Fireworks—The Varied Entertainments.

Cincinnati—the greatest metropolis of the Ohio Valley—has many objects of surpassing interest to engage the attention, but the one most productive of pleasure and educational value to the visitor is the Zoo. The Zoological Gardens of Cincinnati were established, years ago, by a true philanthropist. They have been fostered and improved by philanthropists, until now they are the most extensive and valuable in the world—an enduring monument to the magnanimity of their founder and productive of great good to the whole people.

Easy of access, possessing beautiful scenery and buildings of pleasing architecture, with a Zoological collection including specimens of every animal and bird in existence, it is an institution of which not only Cincinnati, but all the territory tributary to it, should be proud. There is really no place in or about Cincinnati where one can spend a few hours so delightfully as at the Zoo. Those of our readers who have been there appreciate its attractiveness, and go every opportunity they have; and those who have not been there should go the first time they visit the city.

Many new features will be introduced at the Zoo during the coming summer. In a few weeks the great summer night concert season will open. On evenings when these concerts are given the Zoo is an animated scene of life and youth and beauty. The electric arc lights flood the scene with their brilliancy, while thousands sit drinking in the delightful music of the great band, while the gentle evening breezes fan their brows. It is a time for love and sentiment and rest. The cares and perplexities of business are forgotten in the present hour, so full of beauty and harmony. The management has engaged the celebrated Belsted-Ballenberg Band to give the concerts this year, and this fact is a guarantee that they will be first-class. Herman Belstedt will be the soloist. Mr. Belstedt is fairly idolized by the people of Cincinnati, and his enthusiastic admirers declare that he has not an equal as a cornet soloist. He is composing a number of special solos for the coming concert season.

In addition to the concerts, the management will offer many other attractions at the Zoo, from time to time this summer. There will be great athletic exhibitions, monster spectacular productions, startling circus feats, wonderful exhibitions of performing animals, aquatic and aerial entertainments, magnificent displays of fireworks, day and night, and all kinds of pleasing attractions, consistent with the splendid reputation which the Zoo possesses as a thoroughly first-class and respectable family amusement resort. No matter what week you visit the city, you will find at the Zoo many special features in addition to the splendid and comprehensive menagerie, aviary and aquarium.

The educational value of the Zoo to the children is so great that every school and Sunday-school in this section should get up an excursion to it some time this summer. The management of the Zoo is prepared to make most liberal arrangements with all organizations, and invites correspondence. Sunday-school Superintendents, School Principals, Secretaries of Lodges and Societies and all persons desiring to arrange for outings at the beautiful Zoo, should address Will S. Heck, General Manager, Cincinnati Zoological Gardens, No. 259 Walnut street, Cincinnati, O.

HARD FOR YOUNG GIRLS.

Trying Preparations For Entrance Into Society—What Paine's Celery Compound Does

To be graceful, entertaining, accomplished in music and French, easy talkers on topics of the day, yet up in ancient history—this and much more is what society expects of the young girls who "come out" at 18 or 19.

In the few years before 20 so great a change is wrought that we almost, as if by magic, see a woman, where but a short time before was only a child.

If, during these critical years, constant mental exertion absorbs blood and nerve force, the system grows feeble and suffers from lack of nourishment.

The vital mistake of the thousands of girls who yearly break down in schools and colleges is just here: A vigorous, healthy body and brain must have an unlimited supply of pure, rich blood, fully capable of building up growing tissues and repairing the waste of hard worked nerves and brain and body.

This is just what Paine's Celery Compound is providing today for over-worked, anxious, "run down" people all over the United States and Canada.

If care be taken that no part of the body be poorly nourished, a great deal of hard work and study can be safely gone through. But when young girls are seen to grow thin, pale, spiritless and nervous, there is plainly starvation of some of the important organs and a craving of the blood and nerves for better nutrition.

Paine's Celery Compound was first prepared by Professor Edward E. Phelps, M.D., L.L.D., of Dartmouth College, with the fullest knowledge of any medical man of his day of what tired, weak, nervous women need to make them well and strong.

The happy effects of Paine's Celery Compound in all cases of debility, nervous weakness and impoverished, impure blood are astonishing. It makes people well where everything else fails.

This remarkable remedy makes sickly, feeble women strong; does away completely with the languid feeling that comes from underfed nerves and blood.

As a sure sign of its radical effect on the system for good, it is noticed that in a short time the eyes grow clearer and brighter, the cheeks ruddier and the mind more active and hopeful.

Paine's Celery Compound cures dyspepsia, sick headache, neuralgia, rheumatism, and every symptom of impure blood and permanently cures the most difficult diseases of the liver, kidneys and heart.

Thousands and thousands of men and women who have taken Paine's Celery Compound are today perfectly well and happy.

THE MAGIC CITY.

GREAT SUCCESS OF "THE LEDGER'S" GIFT TO PATRONS.
